

Fall 2011 40 Days for Life Journal

Sept. 28 Wednesday

- Praise God! After 8 National Campaigns, 4313 babies saved from abortion @ 40 DfL sites.

Kathy K. came one day early again 9/27

At midnite, we had 10 people come for the opening hour- See photos on Facebook.

At 8 a.m., the Lathrup Villae policeman came to talk to us. Whose van is this? City ordinance, no street parking 3 -6 a.m.

He went into Womancare first, then came to us. Toni called 40 DfL leadership.

Barb Yagley visited the Lathrup Village police dept. Per Sgt. Scott McKee, we can leave the van here - as long as someone is here in attendance. ** Prayer vigil participants - we must not have gaps in the coverage. Please stay here until the next person arrives- call me immediately if you have a no-show- Barb

A young mother "Roselyn" wit her 2 little children stopped by while they were walking. said she would be back tomorrow.

**Disregard anything anyone from Womancare says about city ordinances. You may sit in the chairs. You do not have to keep moving.

** Please blow out candles and put away when you put away the lanterns (or when it rains)

May God bless and protect everyone who will be coming to pray during this 40 day vigil.

Sept 29 Thursday

- At 2 a.m., peaceful

Micah stopped by, didn't know this was an abortion place. Took literature about PP, community health centers and 40 DfL:-)

I had a nice conversation with Linda who stopped to talk about 40DfL. i invited her to come & pray here with us.

It appears that the green alarm light is showing inside the abortion mill. Is someone still inside (after 7 p.m.)??

Sept. 30 Friday - 15 Babies saved.

At 2p.m., there were no clients at WC. At 4 p.m., Abortion staff called police on us about the van's location again. At 4:30 p.m, the Police officer put a 48 hours sticker to allow us that much time to move the van.

A man named Steve stopped to say "thanks" for what we are doing. He has stopped before.

Oct. 1 Saturday - 23 Babies saved.

At approximately 4:10 a.m., a staff employee drove up in Dr. Hodari's Cadillac and opened the abortion center. Right after- a second vehicle drove up and two women got out - one of the women was hunched over. We suspect she was going inside for an abortion. We devoted a Rosary for her care and change of heart.

It was odd to see this activity so early and also wondered if the ill woman was having a post abortive complication from a previous visit. It is now 5:00 and the women are still inside. (Note: The abortion center mode of operation is to send its clients to the ER if there are complications. There are many testimonies from former clients stating that the abortion center staff had no interest in them after the abortion)

When you drive by a prayer location and you want to show your support... beep 3 times, a holy number - Father, Son and Holy Spirit.

2 groups have left after being inside only a short time. Pray for them.

An attorney prayed with us for 1/2 hour. Is willing to provide free legal counsel to crisis pregnancy centers.

Barb Yagley spoke with Officer Lawrence, who confirmed that we are allowed to park the van here, provided someone is here with it. I have permission to remove the sticker and will do so when I have some solvent.

October 2 Respect Life Sunday

No stories today. + Michael resides in Mich.

20 prayer warriors attending with Fr. Michael Wilkes + Life Chain signs

St. Hugo of the Hills parishioners + 8 others prayed and held signs until 3:15. Over 20 people attended. I handed out 3 post cards. there were 4 people who live 5 minutes away that hopefully will be back. Felt it went very well.

God is good.

October 3 Monday - 38 Babies saved!

Ooops - I stayed until 12:45 but no one replaced me; sorry... tired and wife called.

The office manager arrived before 9 a.m. Blessed Mother, lend her your heart today, that she may see everything that happens inside this building through your love, your humility, your reverence for God and your grief. May she be won over by love for life.

May God bless all prayer warriors abundantly for being/standing up for the innocent babies.

Don was driving by and the Spirit told him to stop and pray Jewish-wise (arms extended, vocally calling on God) with us. Afterwards he said his congregation will be told about us. He will try to sign them up for a block of time. Praise God!

An ex-worker named Angie stopped and said this abortion mill is suppose to be closed. Don't believe that.

A repair struck driver went into WC.

October 4 Tuesday - 44 Babies saved

Hodari's van arrived sometime when Bill was here before me (before 2 a.m.) With that visual here, much prayer is dedicated to the conversion of abortionists and their staff. God bless our prayer warriors. Amen.

Great News! A woman (Teresa) stopped and told of how she admired what we are doing. Gave her info for her church. Rev. is for ProLife and is on the radio. She is going to get her church to come out adoptaDay paper given to her. The Rev. is on radio 1440. Plans to come back on her down-time. Teacher in this area.

Between 1 and 2 p.m., a woman with a baby put a poster displayed as "Pro-baby - Pro-Choice" She didn't want any comments from me. When I mentioned about her poster, she said this was a public place and she was not bothering anyone. Barb Yagley is aware of this and said to ignore anyone supporting the other side and stick to our mission to pray.

Dr. Hodari arrived at 6:15 p.m., and left at 7 p.m.

October 5 Wednesday - 52 babies saved

They opened at 8:25, a little later than usual

May my guardian angel not let me oversleep.

Dr. Hodari was here; terrible loss of lives.

10 candles to remember the 10+ lives lost today. Please keep them lit until dawn.

Schedule and sign up in van for Berkley K of C (No note, just take, Oct 10th is covered by Shrine).

God bless all who come and pray and all who turn to repent.

Came to make up for my no report on Tues. Will try to make more times.

October 6 Thursday

A young woman name Sierra stopped by and asked a few questions about the 40 Days for Life campaign. She is pro-life herself and she shared a personal story about her mother being told by doctors that her child (Sierra) was going to be born deformed. Sierra was born perfectly normal and thanks God for all her blessings.

Teresa was here to pray again and did some SWC Praise the Lord.

Praise God! This is so simple. We come and pray in public and babies are saved and hearts are changed. What could be easier?

Dr. Hodari arrived at 10:30 and left at 11:20 - so who is doing the dirty work?

Stericycle truck shows up. Driver said the 3 red containers were light.

Dr. hodari left around 4:45 and a police car pulled in right after. What's that about? The police care left from next door at 5:23 p.m. without comment.

Please don't be overly concerned about the comings and goings of the doctor or staff. We are here in a spirit of prayer and sacrifice. Do not be distracted from our primary mission here. Mike Stack Praise God for this simple plan. 40 Days of public prayer & sacrifice. Over 4300 babies saved from abortion and many hearts converted. PTL

Pray for a man who stopped to talk because he thought our "graphic image" was bad for children.

(Note: our banner has the words "Before I formed you in the womb, I knew you", with a picture of an intact 6 week old embryo, which any child would recognize as a "baby")

October 7 Friday - 95 babies saved

Pleasant fall morning. No wind as I offer prayers for lives saved from abortion. I'm asking God for peace for Kelly R who lost her husband last spring to cancer. Jim was 39.

M drove by several times and decided this time to stop and tell her story. M thought she was pregnant once and came here to abort, but she was not. Her father is a minister and she'll tell her church to come out to pray with us.

A couple came to WC at 4:45 and got papers. Please pray for them.

3 candles lit for the 3 victims.

A nice, peaceful night to pray. Except for the awareness of those who are restless tonight as they prepare for the morning appointment here with the abortionist. God of mercy, hear our prayers, give them hope for the innocent life growing within their wombs. Help them to reject the deception of abortion and embrace trust in You and Your care. ... and if they succumb to the despair, we pray they will find Your mercy and forgiveness.

October 10 Monday - 109 Babies saved.

An employee of WC angrily told us that we could not sit but had to keep walking. This is NOT true. The police drove by.

A woman drove up to the clinic, parked near the street and when I asked if she was here to pray, she answered: "No! I'm here to show you support!" She has a 12 year old granddaughter who is 'here' today because of prayer support at WomanCare. Her gifted granddaughter Siera was an attempted abortion that did not work. After thanking us she stayed for a while and then left. But first she called her daughter to let her know people were praying in thanksgiving that both she and Siera were saved that day 12 years ago. I gave her 2 rosaries 1 for the mom and 1 for the girl. Please pray for abortion center employees, especially the ones at Womancare.

October 11 Tuesday - 144 Babies saved

Please offer Problem Pregnancy business cards as help for women if needed. Just down the street. Beautiful evening for prayer and to say thanks for all the babies saved so far. Dr. Hodari is especially in my prayers tonight as I ask God to allow the doctor to trustfully surrender to divine Providence so that he can learn the secret of peace and happiness! Praying for married couples to welcome God's gift of life.

Steve stopped to say thanks and encourage our work for Life. PTL

From shortly before 11 a.m. to 12:30 p.m., much traffic in Womancare. Saw at least 5, maybe up to 8 women who it was obvious they had abortions by body language/facial expressions. Many of them were parked behind the "clinic" (4). Very high traffic of people in and out. Praying for Our Lord to break down equipment - not let these babies' lives be taken. - bring each participant/enabler/Dr. Hodari and staff to end of selves -> repentance * break hearts of stone give hearts of flesh -> and then reveal His overwhelming Love for them. God bless you all!

Possible "God-incident" During the rosary crusade, right after the rosary, litany and consecration, dearest neighbors, Rita and Maureen walk up with their 3 youngsters and we started talking about the rosary - went inside the van and for about 10 minutes relished and admired greatly the box of handout rosaries and the visitors were elated over receiving several blue rosaries, holy cards, medals etc. We exchanged email addresses over the iphone while @ the van. These outstanding neighbors searched for the Lord here - an authentic God "Rosary-incident", during today's rosary rally.

Dr. Hodari dropped off a car in the back about 6:30 p.m.

October 18 Tuesday

At 2:15, I just stopped for a very quick visit & a very attractive lady came out of building. I was parked next to her & she smiled & I walked to her car & asked her if she had an appt. for an abortion. She said "no - I just got some free condoms for my son", who was with her. She said she didn't believe in abortion, it is wrong. I talked to her & her son & after a short (his name is Joshua) - she & he were convinced it was wrong & he said he'd save himself for marriage! & she thanked me... & I thanked God. Amen.

October 20 Thursday

2 ladies from west Michigan (Gr. Rapids) prayer group stopped - they are planning to visit each abortion center in the Detroit area.

I'm amazed @ the continuous flow of people coming to pray yesterday. In spite of the heavy rain & wind the vigil continued. Praise God. Thank you for your sacrifices and prayers for Life - Mike Stack

October 21 Friday

Hello to all the wonderful people from Holy Name! Thank you for the beautiful baby things you sent to Mother and Unborn Baby Care. We are so grateful for your outpouring of love!

Steve in a white pickup stopped to offer encouragement. Then Jackie and her teenage daughter drove up to find out what was happening. They thought this place was not operating due to seeing the "For Sale" sign. They are from First Baptist Church.

I watched a powerful video earlier this week on Heartchanger.con. It was a well done 30 minute video that compares the genocide of the Holocaust to that of abortion. The interview host presents questions

to people on the streets, who by the end change their stance to Pro-Life. A must watch! A great tool to share with others. After watching this video, I especially realized that if people simply knew and saw abortion for what it was, their hearts could not deny God's truth. Pray that our brothers and sisters hearts will be touched.

October 28 Friday

Spoke to 3 people this morning. A woman who told us her friend works here, the boyfriend of a girl who is starting her abortion today, and a cab driver who stopped by to confront me, I think, but didn't have the courage to actually do it. When I tried to get him to talk about abortion he pulled away abruptly. I was able to say a lot to the friend of the worker and asked her to tell her friend that we don't hate her. We are praying for her that if she looks for another job - that God will make a way out for her.

Fr. Scott Daniels of Priests for Life came and prayed with us for an hour after visiting the Ann Arbor 40 DfL site.

Deacon Sal Palazzolo of Sacred Heart Major Seminary prayed with us.

The Holy Spirit came to me on Oct 27th, 2011. I witnessed a Rosary illuminate and light up on its. All I've been asking for is a sign & to know what to do with my time. I got the answer, I have been blessed to witness a physical sign like I did & with witness I will pray to end abortion & for all to realize that nothing is more important than Jesus and living in Jesus' Name.

Lowell stopped by & said a prayer and thanked us all for our witness.
