The annual **March for Life** has been held in Washington, DC every year since 1973. In 1973 20,000 people made the march down historic Constitution Avenue. In 2009 ~ on the 36th Anniversary of Roe v. Wade ~ approx., 300,000 joined together to protest this tragically flawed decision.

YOU, by your witness in DC, can help mark 2010 as one of the LARGEST attended marches in years! **It is the 37th Anniversary of Roe vs. Wade.** Come, stand shoulder to shoulder with hundreds of thousands who believe as you do! Bring your youth, *your* youthful enthusiasm and your passion for life and join us on the red eye bus trip to Washington, DC!
