

40 Days for Life Spring 2011

- This campaign was the largest to date.
- 247 cities in 9 countries fasted and prayed and witnessed for the purpose of ending abortion.
- This campaign 708 confirmed babies lives saved.
- Since the first 40 Days campaign 4,307 confirmed saves of babies lives.
- 52 abortion workers have quit working in the abortion industry.
- 12 abortion facilities have completely shut down.
- Hundreds of men and women have been spared the tragic effects of abortion.
- Many with past abortion experiences have begun post-abortion healing.
- People of faith are experiencing a renewed sense of hope.

40 Days- Sterling Heights

- Adopt a Day a day was very successful. Many churches liked adopting 2 days 6 hours each. This made for greater availability of prayer warriors.
- We had Family Prayer vigils each Sunday afternoon 3-3:30. In spite of some very unpleasant weather they were well attended. We know that strong faith filled families make abortion unnecessary and unthinkable. Families of faith love both mother and child. These vigils were so popular that we will be planning them again between now and the next 40 Days in the fall.
- Our prayer warriors proved themselves to be peaceful and prayerful. One citizen arrived at our site with a sign saying that abortion was a constitutional right. Constitutional was misspelled! This man tried to engage us in arguments, but all of us remained peaceful and prayerful. He returned the next day again we remained prayerful and peaceful.

- More people of faith took that first brave step to be the light and salt that as Christians we are called to be. They discovered that the first step is the most difficult. This campaign we had more prayer warriors than ever before commit to one hour a week and even one hour each day to pray at the clinic. One lady came all the way from Port Sanilac. That is 78 miles away. We would hope that more and more from nearby will discover that the first step is the most difficult and that the anxiety does subside. Praying at the clinic becomes a personal commitment rooted in your baptismal promises.
- More people than ever before stopped to thank us for being there. One lady stopped and said that people praying to end abortion are responsible for her mother choosing life. This lady said that she owes her life to people of prayer.
- The Spring 40 Days Campaign has ended but we need to continue to pray and contact our representatives and tell them what we believe about the sanctity of life. The statement of our belief to our representatives must be kind and factual. Like stepping out to pray at the clinic, contacting representatives is the most difficult the first time. It will get easier every time we kindly state our belief in the sanctity of life. With practice it will not only get easier but we will improve our effectiveness. Just like advertising is effective because it is repetitious, we need to repeat the truth to our representatives.
